

## Travel Grants

### Regulations

Travel grants of CHF 1000.- each will be given to young investigators who have a presentation at a major international scientific meeting. The eligibility criteria are the following:

- PhD student OR maximum 3 years after completion of MD or PhD (calendar years are relevant)
- Working in an academic institution in Switzerland
- Participation in a major international meeting which is relevant for the field of bone and mineral research
- Abstract submitted and accepted for publication
- Attendance paid entirely by the department, with no other external financing.

Submissions will be assessed by the Board of Directors of the SBMS based on the importance of the scientific meeting that will be attended and on the quality of the abstract. The Board will then decide, whether the travel grant will be given.

Applicants should send the following information in electronic form to Professor Dr. Serge Ferrari (Serge.Ferrari@unige.ch):

- Information on the scientific meeting to be attended
- CV with list of publications
- Copy of PhD or MD diploma if applicable
- The abstract submitted and accepted for the meeting

There is no deadline for the applications, which will be treated on a first come first serve basis.

Berne, February 2016
